

Vaccination Exemption Waiver

Balanced Paws Inc. requires that all pups participating in any services with us, must be current with their core vaccinations (including but not limited to) Rabies, Distemper/Parvo combination, AND have a current form of flea/tick/heartworm/parasite prevention on board, as prescribed and instructed by their veterinarian.

Proof of Rabies Vaccine is required and must be submitted via email prior to the commencement of any services including trials with Balanced Paws. The Rabies vaccine is required by law; please maintain other pet vaccinations that are recommended by your veterinarian.

We also recommend vaccinating for Lepto and Kennel Cough. Titre tests are also acceptable.

We do not require dogs to be vaccinated for Bordatella, Influenza or Lepto (non-core) if an animal is in or has a physical condition or health condition that precludes the safe immunization, or re-immunization of the above, non-core vaccines. In which case, they may be exempt from this requirement. However, if you choose to or have been instructed by your veterinarian to use or maintain any or all of these vaccines, we ask that they be administered a MINIMUM of two weeks prior to your dog's first visit to us.

Our current vaccine policies are well-researched and serve an important purpose. Please feel free to contact us with any questions.

IF ANY VACCINES HAVE NOT BEEN ADMINISTERED OR MAINTAINED, I HEREBY RELEASE AND WAIVE BALANCED PAWS INC, ITS STAFF, INSTRUCTORS AND AGENTS FROM AND AGAINST ANY AND ALL LIABILITIES, LOSSES, DAMAGES, COSTS OR EXPENSES OF WHATEVER KIND IN NATURE INCLUDING MEDICAL AND/OR ATTORNEY'S FEES, WHICH THE UNDERSIGNED MAY INCUR AS A RESULT OF ANY MEDICAL PROBLEMS RELATED TO NON-ADMINISTRATION OR LAPSE IN MAINTENANCE OF ANY OF THE ABOVE RECOMMENDED (CORE AND NON-CORE) VACCINES AND TREATMENTS OF THEIR DOG(S).
